The Internship Program

Washington, D.C. (see box)
Interns are paired with legislative or press staff based on their interests and experience. They assist staff in research, legislative issues, and are often asked to attend briefings, hearings and draft correspondence. Interns are expected to assist the correspondence department as well as help with important administrative duties essential to our office.

State Program (see box)
Interns will assist state staff, who often work with government agencies in providing help or resolving problems in matters concerning immigration, Social Security and veterans benefits - just to name a few. They will also have the opportunity to support every day work required with communications and constituent services. Interns will work one-on-one with staff, help with events, and be expected to support general administrative needs in the office.

Dates and duration
There are three main internship sessions - fall, winter/spring and summer - with flexibility within each session to accommodate for semester and quarterly schedules. Internships are offered as part-time or full-time. Applicants have the opportunity to apply for legislative and press internships available at Senator Baldwin’s Washington, D.C. and state-based offices.

Message from Tammy
Young people are the future leaders of our communities, our state and our country. I’m excited to establish my internship program as part of my office’s work. This internship program will allow you to engage and learn about the legislative process and gain new skills essential to leading the next generation.

Public service is important to me and I am honored to represent and work for the people of Wisconsin every day. If you’re motivated, a hard-worker, and interested in public service, I encourage you to apply.

Tammy Baldwin
United States Senator
